

# LE CHANT DES SIRÈNES

## DUO DE CABERNETS

Le Chant des Sirènes (Song of the Sirens) captures the spirit of South western France, elegant and convivial, in a seductive cuvée with intense aromas of white flowers and citrus fruits.

Let yourself be seduced by this fruity, elegant blend of two Cabernets.

### VINEYARD

The vines are ideally located in Entre-Deux-Mers region, between the Atlantic Ocean and the Pyrenees. Those vineyards have been sustainably farmed by our family for the past 150 years. They lie on clay-limestone soil which is perfect to keep the grapes fresh while enjoying sun bath during the hot summer days.

It is the perfect terroir for growing Cabernet.

### THE WINE

The grapes are harvested at perfect maturity during the night to take advantage of the cool temperatures and express the optimal potential of the varieties. A meticulous sorting of the harvest is carried out and then the grapes are fermented in stainless vats with delicate extraction to keep the freshness of the fruit. The wine is matured for several months in tanks before being bottled.

Average annual production : 20 000 bottles.

### TASTING NOTES

On the nose, it has an intense blend of spicy flavors, black fruits and blackcurrant.

On the palate, it is a mix of power and softness with a lot of juicy ripe red fruits and silky tannins.

This wine matches perfectly with the aperitif, deli meat, barbecue, spicy food, cheese and chocolate dessert.

To be enjoyed young.

“Le seul moyen de se délivrer d’une tentation, c’est d’y céder”  
Oscar Wilde
